NEW SKIN REMEDY STOPS ALL ITCHING

Skin Troubles of Adults and Infants Quickly Cured.

When it is known that poslam, the new skin discovery will stop the tortuous itching attending eczema with relief and comfort to sufferers from all skin troubles, its merit will be appreciated and its wonderful success understood. On the tender skin of chafing infants, poslam may be used with soothing and beneficial effects. It is applied externally, and its remarkable healing powers begin at once.

All skin diseases, including eczema, acne, herpes, rash, tetter, etc., yield immediately to poslam. Occasional applications, in small quantities, will quickly banish pimples, hives, blackheads, blotches, and will relieve and cure itching feet, scaly scalp, humors, etc. A special 50-cent package is prepared for those who use poslam for these minor skin troubles. This, as well as the regular two-dollar jar, is on sale at The Crystal Pharmacy, and other leading drug stores in Pensacola.

An experimental supply of poslam may be obtained free of charge by writing to the Emergency Laboratories, 32 West Twenty-fifth street, New York.

SIGNAL TOWER IS COMPLETED

ONE FOR USE OF WEATHER BUREAU ON ROOF OF AMERICAN NATIONAL BANK BUILDING IS TALLEST IN STATE OF FLORIDA

The work of erecting the signal tower and placing other apparatus for use by the local weather bureau on the roof of the ten-story American National Bank office building has been completed by Contractor S. S. Leonard.

The tower is said to be the highest one of its kind in this state, the distance from the ground being placed at 178 feet.

All the equipment is new and of the latest pattern in use by the government.

The office of the local weather bureau will be moved from its present quarters in the custom house on July 1, to the American National Bank building, when the new apparatus will be put in operation.

COUNT BONI WINS PARTIAL VICTORY IN SUIT

SUPERIOR COURT GIVES HIM THE SOLE RIGHT TO CHOOSE THE INSTRUCTOR AND PLACE OF EDUCATION OF CHILDREN.

By Associated Press. Paris, May 27.—The decision of the superior court on Count Boni de Castellane's appeal of the case brought by him for the custody of his children was handed down today and is a partial victory for the count. It confirmed the decision of the lower court giving the mother the custody of the children, but it set forth that the father alone had the right to choose their instructor and designate the college in which they are to be educated. Furthermore Prince Helie de Sagan specifically excluded from the list of persons authorized to visit the children and the count's contention that the influence of the prince is pernicious is thus, in effect, sustained. The costs of the appeal are divided.

ON MAIDEN VOYAGE.

Hamburg, May 27.—The Cincinnati, the new steamer of the Hamburg-American line, left here today on her maiden voyage to New York with a full passenger list.

Special Committee Urges That Drainage Work Be Pushed Forward

(Continued From First Page)

shoals, thus opening up the canals for the transportation of supplies, which is becoming daily more expensive as the work advances, the cost of which suction dredge would soon be saved by eliminating the transferring of everything at each dam, and besides this, giving very much better drainage than is now possible.

"We advise that a contract be made with Mr. Bolles that an additional dredge be constructed by the trustees and put to work excavating canals connecting with other canals and other outlets leading to the sea from Lake Okechobee, as soon as is possible and practicable."

The party was accompanied by former Governor Napoleon B. Broward, who inaugurated the present reclamation work, and they were given every opportunity to see all of the drainage work by the people living in the drainage districts. They report that on the east coast especially great fields of tomatoes and vegetables and groves of fruit trees now are producing great crops where before the drainage work was begun the lands were practically worthless.

"The trustees," says the report in part, "have withdrawn the lands in the Everglades from sale as the value is constantly being enhanced by the drainage operations and unless something unforeseen happens the state school fund will be greatly benefited by the proceeds of these lands after the drainage is completed."

"Not one cent of the money paid by the tax payers of this state has ever been used in the drainage of the Everglades and the money so raised can never be used for that purpose unless appropriated by the legislature. No person owning land outside of the Everglades need have the slightest apprehension that any tax will ever be levied or collected on his land or on any of his property for the drainage of the Everglades."

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well.

Liquor and Lobbying in House Alleged by Light in Strong Resolution

(Continued From First Page.)

dation made in his biennial message relative to Lincoln's birthday, and reiterates it, but changes the wording so as to place Lincoln "among" the greatest of Americans. Instead of classing him as one of the three and thus placing him above southern men not mentioned.

MANY BILLS SKIPPED. By skipping many bills and passing others to third reading the senate this morning reached the head of bills on third reading without waiver of the rules.

Among the important measures passed to third reading was the Sams bill prohibiting the admission to the public schools of children affected with tuberculosis.

Much of the time in the house was occupied with the discussion of the Light resolution.

TO NAME DELEGATES. Governor Gilchrist contemplates appointing ten delegates from Florida to the Trans-Mississippi Congress, which meets in Denver, Colorado, in August, and would be pleased to have Boards of Trade or other organizations or persons submit the names of suitable persons who could attend such congress at their own expense.

Governor Gilchrist today appointed A. M. Henry, stock food inspector, to be assistant state chemist vice B. K. Eridges, who was suspended. Seventeen members were present when the senate was called to order at 9 o'clock.

The report of the Everglades drainage investigating commission was adopted.

Bills were introduced as follows: 502, Dayton, abolishing municipality of Fivay.

503, Dayton, relative to collection of insurance policies.

504, Hudson, relative to Dade county board of public instruction issuing interest-bearing coupon warrants.

Consideration of resolutions: Senator Henderson moved the senate resolution No. 40, relative to the Jennings fees be taken up. Lost.

Senate concurrent resolution No. 13, McMullen, memorializing congress to survey ship canal from Jacksonville to Tampa. Adopted.

House memorial No. 18, memorializing congress for appropriation for Carrabelle harbor. Adopted.

House bill No. 249, Stringer of Hernando, relative to the duties of certain inspectors of marks and brands. To third reading.

Senate bill No. 470, Girardeau, granting pension to Joseph Gilmer of Jefferson county. To third reading.

466, Humphries, relative to time of paying poll tax to be entitled to vote. To third reading.

House bill No. 554, Chase of Duval, for appropriation for silver service for the battleship Florida. To third reading.

Senate bill No. 391, Henderson, authorizing owners of electric plants for public use to enjoy the rights and powers of eminent domain enjoyed by railroad and canal companies. To third reading.

432, Hudson, prescribing time of registration of electors. After some discussion Senator Hudson offered to lay the bill on the table. Senator Harris charged that the bill was an effort on the part of prohibitionists to strike out and limit those who are legally entitled to vote. The motion of Senator Hudson to table was carried.

434, Sams, protecting the health of school children and prohibiting the attendance of children afflicted with tuberculosis. To third reading.

423, McLeod, providing that all land owners shall have the right of a road across the land of another in the most direct way to reach the public road. To third reading.

424, Beard, relative to service in certain chancery cases. To third reading.

345, Buckman, relative to the duties

of the railroad commission. Laid on the table temporarily.

House bill No. 125, Dupont of St. Johns, requiring separation of races and sexes in county jails. To third reading.

The senate then reached bills on third reading.

Senate bill No. 95, Williams, relating to liability of railroad companies. Lost, 15 to 12.

No. 139, Dayton, relative to size of seine meshes. Adopted.

No. 76, Sams, to provide for service by publication upon non-resident parties in interest in property involved in suits for specific performance of contracts to convey and for decrees and other proceedings after such service. Adopted.

No. 98, Hudson, relating to lien of assessment. Adopted.

No. 181, Hosford, appropriating \$1,000 annually to assist in publishing proceedings of the Florida State Horticultural Society and the free distribution thereof to citizens of the state. Adopted, 13 to 8.

156, Buckman, relating to the sale of personal property pledged or deposited as collateral security. Adopted.

123, Baker of the 20th, relating to state certificates. Adopted, 25 to 2.

103, Humphries, relating to life certificate. Adopted.

Adjournment was then taken.

Yesterday afternoon's session of the senate:

Twenty-nine members were present when the senate was called to order at 3 o'clock.

The consideration of bills on second reading was resumed.

421, Hudson, regulating presentation of claims and demands of common carriers. To third reading.

384, Hudson, requiring and authorizing controller to refund moneys collected as drainage tax created under authority of a legislative act. To third reading.

398, Humphries, prohibiting cock fighting. To third reading.

House bill No. 657, Terrell of Sumter, legalizing incorporation of town of Webster. To third reading.

582, Acree of Osceola, enabling Kissimmee to collect taxes. To third reading.

111, Clark of Jefferson, relating to recording of decrees and orders in chancery. To third reading.

52, Hilburn of Putnam, relating to land sales by trustees of the Internal Improvement Fund and the State Board of Education. To third reading.

Senate bill No. 188, Zim, defining day's labor for street railway motor men and conductors. To third reading.

No. 189, Zim, defining eight hours as day's labor for mechanics employed by state, county or towns. To third reading.

415, Withers, declaring certain waters a navigable stream. To third reading.

445, Sloan, legalizing bonding election held in Bartow April 20, 1909. To third reading.

House bill No. 618, Epperson of Levy, for special road districts in Levy county. To third reading.

129, Alexander of Volusia, requiring boards of county commissioners to advertise for bids for public work. To third reading.

Senate bill No. 144, Dayton, to cancel certain tax sale certificates. To third reading.

294, West, requiring those bringing seed or lint cotton to keep a record in writing of those from whom the purchase was made. To third reading.

House bill No. 515, Conway of Clay, regulating publication of paid newspaper stuff. To third reading.

No. 179, Dempsey of Suwannee, relating to setting of fires on lands of another. Indefinitely postponed.

Senate bill No. 372, Miller, relating to woods fires. To third reading.

338, Buckman, concerning and validating powers of attorney made by foreign and domestic corporations and deeds made thereunder. To engrossed bills.

383, Miller, concerning obstructions to navigation by bridges or other structures. To third reading.

House bill No. 224, authorizing payment of balance due in construction of dormitory for University at Lake City. To third reading.

151, Malone of Monroe, relating to rules of descent as to real estate. To third reading.

161, Mahaffey of Gadsden, making it unlawful to have carnal intercourse with lunatics or idiots. To third reading.

Senate bill No. 376, Baker of 20th, relative to purchase of supplies by county and municipal boards. Indefinitely postponed.

House bill No. 133, Wall of Bradford, requiring bonds of members of Boards of county commissioners and of public instruction. To third reading.

114, Neeley of Leon, providing that in certain suits, non-resident infants who are proper parties, defendant, may be served with process by publication. To third reading.

Senate bill No. 418, Sams, regulating automobiles. To third reading.

416, Sloan, providing for revoking of license of insurance companies failing to pay their taxes. To third reading.

377, Miller, authorizing and providing for issuance of county bonds for roads and bridges. To third reading.

447, Sams, enlarging powers of state attorneys. To third reading.

450, McMullen, relating to attendance of witness in criminal prosecution. Indefinitely postponed.

375, Buckman, for relief of W. J. Cook of Jacksonville for loss of 63 horses killed by order of board of health. To third reading.

353, Henderson, regulating fees for feeding prisoners. To third reading.

House bill No. 583, Light of Marion,

legalizing town government of Dunellon. To third reading.

583, Acree of Osceola, empowering city of Kissimmee to impose certain license taxes. To third reading.

414, Hosford, for relief of W. B. Shuler. To third reading.

412, Cook, providing for payment of \$500 to estate of any peace officer violently killed in discharge of an official duty. To third reading.

411, Cook, providing for payment of a per diem to sheriffs for attendance upon criminal courts of record, county courts, county judges and justice of peace courts. To third reading.

285, Cook, creating office of chief of fire department in certain cases. To third reading.

102, McCreary, for relief of W. A. Snowden of Micanopy. To third reading.

Adjournment was taken until tomorrow at 9 o'clock.

legalizing town government of Dunellon. To third reading.

DOES NOT FAVOR FEDERATION OF THE CHURCHES

DR. A. J. MCKELWAY, DELEGATE TO THE INTER-CHURCH FEDERATION CONFERENCE, SO REPORTS THE PRESBYTERIAN GENERAL ASSEMBLY.

By Associated Press.

Savannah, Ga., May 27.—Dr. A. J. McKelway, of Atlanta, today reported to the general assembly of the Presbyterian church meeting here the result of his attendance upon the inter-church federation conference at Boston.

He stated he did not favor a federation of the churches of different denominations, but stated there should be an end to church dissension, should be no more fighting of church against church, or church against all others.

The committee report dealing with Sabbath observance attracted much attention as it said in part:

"We persuaded that observance of the Lord's Day after the scriptural manner and as practiced by our forefathers is to a large extent a thing of the past."

EXERCISES AT THE FLORIDA STATE COLLEGE

CLOSE OF VERY SUCCESSFUL AND SATISFACTORY TERM OF COLLEGE FOR WOMEN.

Special to The Journal.

Tallahassee, May 27.—The department of music at the Florida State College for Women has made steady progress during the past academic year, under the supervision of Miss May Cline, director of music in that institution. The names of a large percentage of the student body are enrolled in this department and a number of the young ladies figured in the delightful piano recital given at the college Friday afternoon and evening. The selections played were all classics and were rendered in a way that reflected great credit upon both teacher and pupils, and gave delight to their audiences.

On Saturday morning the pipe organ, pupils of Miss Ida Tarbe gave their annual recital. The number of students in this department has been largely increased during the past year, and it is much to be regretted that Miss Tarbe, who has won for herself so many friends and admirers during her brief stay in Tallahassee, and whose work in the college has been marked with such signal success, will not return next year.

The numbers on the program for this recital were carefully selected from among the most noted composers of pipe organ music, and were pleasingly rendered.

Saturday evening another large audience assembled to hear the program given by the voice pupils of Miss Sarah Cline. This recital is always a popular one with the townspeople who, as a whole, prefer the music of the human voice to that of any man-made instrument. Added to this, Miss Cline is a decided favorite among the citizens who not only recognize the ability of the charming instructor of voice at the college, but highly appreciate the unselfish use which she makes of her own lovely voice for their frequent pleasure.

Religious Exercises. Trinity Methodist church was crowded both morning and evening at the opening religious services of the commencement exercises of the Florida State College for Women.

The baccalaureate sermon was preached by Rev. Claude W. Duke, D.D., of the First Baptist church, Tampa, Fla., who took for his subject, "I, the King Letter of the Alphabet," and in the evening the Young Women's Christian Association of the college was addressed by Rev. R. V. Atkinson, D.D., of the First Methodist church, Live Oak. Seldom has it been the pleasure and privilege of a congregation to listen to two such addresses on the same day. Clear, scholarly and forceful, and endowed with that peculiar power called personal magnetism, both distinguished speakers caught and held the interested attention of their audiences in a way vouchsafed only to the best among the public speakers of the day.

At both services the musical programs, furnished by a choir selected from the musical department of the

WM. JOHNSON & SON THE BIG STORE TRY A PAIR OF JOHNSON'S SPECIAL MADE SHOES.

Watson, Parker & Reese Co.

"Everything to Wear."

college, were greatly enjoyed.

An Department. The interesting exhibits given by the domestic and art departments under Miss Catharine Mulligan, on Monday morning, were especially interesting. Many articles, demonstrating the skilled instruction given the pupils in needlework, were exhibited, also practical evidence of their progress in the art of cooking. Miss Mulligan is an ardent believer in the paramount importance of these two branches of study for girls, and clothes her instruction with an enthusiasm and thoroughness that bring forth responsive results from her pupils.

Interesting Exhibit. Miss Hallie Lewis, for several years the head of the model school in the normal department, this same morning gave an unusually interesting exhibit of the progress made by her little people, and the tots of the kindergarten department, under Miss Wheeler, sang and danced and maneuvered their way into the hearts of the spectators according to their usual custom.

The pretty physical culture drill, conducted by Miss Dalzell, head of this department, was much enjoyed, and the thoroughness of Miss Dalzell's work received many appreciative comments from the spectators present.

The Annual Debate. Monday evening Munro opera house was filled to its utmost capacity with friends of the Thalian Literary Society and Minerva Club members, whose champions were to compete for the honors to be bestowed upon the winning side in the annual debate between these societies.

Drawn up in battle array on one side of the house, with purple and white flying, the Thalias shouted defiance at their opponents, the hitherto successful Minervas, in terms of ridicule and self-laudation. These were met by the Minervas with much fluttering of white and green banners and derisive shouts and jeers, which called forth much laughter and applause from the audience.

The subject handled in debate was, "Resolved, That the Immediate Disarmament of the Nations Would Promote Universal Peace." The Minervas spoke on the affirmative side, the Thalias on the negative. Misses Eva Dean and Josephine Thompson representing the former, and Misses Ruth Reynolds and Elise Partridge the latter. The debate was well sustained, but the decision of the judges seemed to be in harmony with the universal decision of the audience, and there was quite a chorus of "I told you so" when Governor Gilchrist, on behalf of his fellow judges, Senators Hunt Harris and A. Z. Adkins, appeared on the stage and announced victory for the Thalias. Each society was further complimented by the bestowal of a pretty souvenir by the government to the drawn for by the several members.

The good feeling existing between the rival societies was very marked and the Minervas bore defeat with charming good temper.

In Honor of Visiting Ladies. A delightful driving party was given Monday afternoon to those ladies who have accompanied their legislative husbands and fathers to Tallahassee for the present session. The hostesses of the occasion were: Mrs. W. M. Holloway, wife of the state superintendent of public instruction; Mrs. Park Trammell, wife of the attorney general, and Mrs. B. E. McLin, wife of the commissioner of agriculture, and the place selected for the terminus of the drive was the beautiful Ronalds place, about four miles north of the city. Here, in a lovely dell where an ever-flowing, ice-cold spring bubbles up from a bed of pure white sand and sends forth a tiny stream to keep fresh and green the lovely growing ferns and mosses, a delicious woodland feast was served by the young girls of the party. These were Misses Omeria and Idella Holloway, Pearl and Ruby McLin, Ruth and Isabella Pace and Gladys Crawford.

The ladies thus honored were: Mrs. James G. Gibbs, Mrs. Hilburn, Mrs. Croom, Mrs. Broome, Mrs. Hardee, Mrs. Knowles, Mrs. Dayton, Mrs. Pattishall, Mrs. Calkins, Mrs. Thornton, Mrs. Kelly, Mrs. Knight, Mrs. Withers, Mrs. Harris, Mrs. Hudson, Mrs. Little, Miss Appleyard, Mrs. Terrell, Mrs. McCreary, Mrs. Humphries, Mrs. Brown, Mrs. Malone, Mrs. MacWilliams, Mrs. Moore, Mrs. Clarke, Mrs. Broward, Mrs. Girardeau, Mrs. McMullen, Mrs. Malone and Mrs. Knott.

Personal Mention. Mrs. N. B. Broward and niece, Miss
